MEXICO needs better protection from RICH MAN'S SON TRIES HUSTLING FOR A LIVING.

PROF. W. T. Carrington is prominently spoken of as president of the new normal at Springfield, Mo. Carrington would be the right man in the

Purron is going to have a law suit reference to moving the hitch rucks. Inside of a year every man woman and child in Callaway county will see that the changing of the court house square from a bog pen to a park was beneficial to every citizen in the county.

THE Hardin College girls who went home on account of typhoid fever are returning, and the school will likely be running all right again, soon, with usual number of scholars, Hardin Gollege opened this year with the largest dance in its history.

THE City is paying a large amoun the use of water to protect the city from fire. The Council should reach this matter as soon as Winter is coming on and we re liable to have fires in the business part of the city, which will be very destructive unless properly handled.

THE LEDGER is glad to know that the Panama Canal will be built at sea level. Of course this will make the cost more, but will pay in the long run. This canal will not only save thousand and thousands of dollars in freight and largely increase the business of for a job. The Mexia position was the world, but will tend to insure peace between the nations of the

THE CHICAGO & ALTON Railroad Com pany is arranging to make extensive ents in its freight department here, and has just purchase from A. G. Armstrong, property along the side of the track, just west of the of the Clark avenue bridge. The Alton has been figuring on buying other exeant property adjoining its

SEVERAL complaints have been throat, and thus kills the catarrhal ch germs, heals the irritated mucous from St. Servan. was given at the opera House in Mex con few days since; and we understand the attention of the City Council is to be called to this matter. Manager Waterman, as a general proposition, tries to give Mexico first-class, clean attractions, and we presume in the future will be more careful, and see that Pordy. shows of this class are shut out of Mexico. The management of the Opera House, of corse, is interested more than any one else in having only good attractions, but of corse once in a while libal to be imposed upon. Not being present at the show refered to, and not being qualified as an expert, we are not in a position to criticise the manage ment of the house.

These seems to be a great difference of opinion in refer-erence to football. Whenever a college boy is killed or severly injured the people in that community, especially the young man's friends and relative are very much opposed to the sport, or the other band in towns and schools where there have been no acciden everybody favors football. The writer is very favorable to all kinds of athletic sports. At the same time we be rough and sometimes brutal. It seem that the rules might be amended that young men could have the benefit of the exercise and at the same set of up-to-date chinaware, consist time to safe from accident.
